EXPERIENCE

Front-End Developer, Mid-Level · Private Company
Oct 2024 – Present

Remote, USA

- Turn large datasets into charts and analytical reports with D3.js and Highcharts, processed in the browser without slowing the page.
- Moved the team's development to Claude Code in spring 2026: features, refactors and fixes all done through agents, with custom skills and workflows that keep their output to the project's conventions.

Founder & Developer · nimbyte
Present

Studio for websites, dashboards, Telegram Mini Apps and bots · nimbyte.ir

- Built nimbyte.ir with Next.js, Tailwind CSS and Prisma/PostgreSQL: price calculator ordering through Telegram, online shop, blog and portfolio from an admin panel, SEO.
- Ship Telegram bots on Telegram Serverless with React Mini Apps, admin panels, widgets, offline tests and GitHub Actions deploys.

Front-End Developer, Junior · 123 Health App
Oct 2023 – Sep 2024

Remote, USA

- Built interactive healthcare tools with Next.js and Ant Design; drew component and sequence diagrams; implemented a multi-tier architecture (presentation, business logic, data).

Front-End Developer, Junior · Melting Bears
Freelance

- Gamified Web3 web app with Next.js, TypeScript and Tailwind CSS, with wallet sign-in and a pixel-game feel (demo ↗).

WordPress Instructor · Babol University of Medical Sciences
Winter 2023

- Taught WordPress and learned to explain technical ideas simply, as I do with clients now.

SELECTED WORK · NIMBYTE.IR/PORTFOLIO

AdsProvider `@AdsProviderBot` · Telegram Ads ordering bot: toman wallet (card, TON, USDT), Telegram Ads API, chart reports, Mini App.
